# Letter from the Director of Careers & Experience

On behalf of Western University, I am pleased to share that we will be hosting an **in-person** hirewesternu Career Fair in the Fall of 2022. Even though the world around us keeps changing and presenting challenges we couldn't have imagined, we remain committed to helping you succeed by connecting you with extraordinary talent. Western students and alumni are eager to learn more about your organization and the internship and employment opportunities for which you are hiring.

At Western, we adopt a framework of key challenges that companies are working to solve. As part of the fair registration process, organizations are asked to identify the challenges their companies are addressing (e.g., Design the Future of Transportation, Create Sustainable Energy, Help Others Solve Problems). At the same time, students and alumni are able to complete a digital challenge assessment and identify their top challenges of interest. At the fair, they can search for employers who are working on those challenges and connect with them directly to learn more. This process reveals an alignment of interests and needs, creating commitment and fulfillment of aspirations for both students and employers. We hope the end result is a larger pool of like-minded candidates who bring value to your organization beyond their degree.

After a successful season of virtual Career Fairs, we are thrilled to invite you to interact with our students on campus. I am confident you will meet high achieving, community engaged, global ready, research oriented, and entrepreneurial talent who are ready to contribute to your organization. They are finding their way in this new world of work, and we are grateful you will be there to help guide them.

If you would like to enhance your visibility and increase your brand awareness with Western students, I encourage you to become a sponsor for the hirewesternu Career Fair. In subsequent pages, you will find a comprehensive sponsorship package that details the key benefits for your organization.

Thank you for choosing Western; we look forward to introducing you to our extraordinary students in October.

Best wishes,

**Stephanie Hayne Beatty**

*Director, Careers & Experience*

# What is the hirewesternu Career Fair?

The mission of the Career Fair is to provide an opportunity for Western students to learn about and connect with organizations offering internship and employment opportunities in different industries. This fair attracts students from Western's 12 faculties and over 200 programs, as well as Western's highly skilled alumni and community members. Among these, you will find students from:

- » Arts & Humanities
- » Brescia University College
- » Ivey Business School
- » Education
- » Engineering
- » School of Graduate & Postdoctoral Studies
- » Health Sciences
- » Huron University College
- » Information & Media Studies
- » King's University College
- » Law
- » Schulich School of Medicine & Dentistry
- » Don Wright Faculty of Music
- » Science
- » Social Science
- » Western Continuing Studies

Your participation is an excellent way to build your campus brand, promote your current and upcoming opportunities, and meet potential candidates who will drive the future success of your organization.

## Why should I sponsor the hirewesternu Career Fair?

Western has some of the finest academic and co-curricular programming in the country, and our graduates consist of more “Top 40 Under 40” than any other Canadian university. By sponsoring the hirewesternu Career Fair, you put your company at the forefront for hiring our extraordinary talent.

More specifically, the benefits of being a Fair Sponsor include:

- » **Networking opportunities** with a diverse group of Western students and alumni
- » **Extensive visibility** at the fair
- » Build your **organization’s presence** through our social channels
- » Participate in additional, **premium recruitment activities** offered through Careers & Experience
